## Plan 2045 Facility Development Survey

As you are aware, GCWCC has hired a consulting team to develop Plan 2045 in collaboration with our 63 community centre boards. One of the key deliverables of Plan 2045 is:

- Assess and identify facility development opportunities and service gaps within each District, utilizing the strategic priorities, space to population ratios, and target level of service metrics defined in the Winnipeg Recreation Strategy.

The consultant team will be attending your District Board meetings in April or May to facilitate discussions on key facility development needs and opportunities in each District. In preparation of those discussions, please review and respond to the Discussion Guide and Survey (as a board if possible).

Please complete the survey online through the following link. However, if you'd like to receive a PDF version to review with your board, please contact [Lora@gcwcc.mb.ca](mailto:Lora@gcwcc.mb.ca)

Deadline: Friday, April 19th.
