## The Arts, Culture and Sport in Community (ACSC) Fund

The Manitoba government is committing \$100 million over three years to create the new Arts, Culture and Sport in Community Fund (**\$34 Million in 2022**).

The ACSC Fund will include three programs, with funding guidelines varying among each of the programs to address different needs and provide support to a broad range of applicant's eligible projects that will meet one or more of the programs priority areas:

- capital projects – organizations will be able to apply for up to \$5 million, on a 50-50 cost-sharing basis, for large projects that support the development and renewal of spaces and facilities used for arts, culture, and sport programming and activities;
- community celebrations – events, festivals, and celebrations, both one-time and recurring, that promote cultural exchanges and are rooted in inclusion and belonging can receive full funding up to \$5,000; and

August 9, 2022

- small capital and special initiatives – projects in this stream can receive between 50 and 100 per cent of eligible expenses, depending on the project's overall cost and will support initiatives such as organizational development opportunities, training, technology, volunteer and equipment development through initiatives that will enhance the organization's ability to increase participation and engagement in arts, culture or sport programming.

Applications for this year's intake will open **August 16**. For more details on program criteria including application information, visit the Arts, Culture and Sport in Community Fund website, at [www.manitoba.ca/acsc](http://www.manitoba.ca/acsc).
