

Athletic Field Maintenance (AFM) Sweat Equity Materials and Supplies List

City of Winnipeg Parks & Open Space Division & Community Centres

City supplies the following materials to Community Centres upon review of the needs (within budget constraints):

- 1) Top dressing for turf areas
- 2) Ball diamond mix (City specs.)
- 3) Other soil mixtures
- 4) Grass seed
- 5) Aggregates (crushed limestone, sand)
- 6) Bleacher or goal frame paint
- 7) Park signage
- 8) Wrench to install soccer goal ground screws
- 9) Water box back flow preventers & meters

The following materials are not available from the City:

- 1) Shakopee clay or brick mix for ball diamonds infields
- 2) Asphalt materials
- 3) Water
- 4) Athletic field line marking paint
- 5) Fencing materials (chain link/pickets/bollards)
- 6) Equipment or tools
- 7) Pesticides (as they are banned by the province.)
- 8) Sod to repair goalmouths and center circles
- 9) Sandbox sand
- 10) Playground play stone

Please submit Season Plan for requesting materials to Area Park Technician.

The city applies the following to soccer fields (baseball fields as requested): Aeration, Topdressing, Fertilizer.
